Summary

Motivated Full Stack Developer & App Developer with a strong foundation in building modern, scalable, and user-friendly web applications and mobile apps. Proficient in both frontend and backend technologies, databases, and APIs. Passionate about writing clean code, solving problems, and continuously learning new technologies. Seeking an opportunity to contribute to a dynamic team and create impactful digital solutions.

Education

New Mansoura University

Faculty of Computer Science and Engineering

Department of Artificial Intelligence Systems (AIS)

Relevant Coursework: Data Structures, Algorithms, Database Systems, Web Development, Software Engineering, Operating Systems, Computer Networks, AI, Machine Learning

2024 – 2027 (Expected)

Kafr El-Sheikh, Egypt

Experience

● Creativa – Full Stack Development Trainee

Jan 2025 – Mar 2025

- Completed an intensive Full Stack Development training program.
- Built several projects using modern technologies and best practices.

Remote

● New Mansoura University – Legal Affairs System Developer (Current)

Jul 2026 – Present

- Working on developing and maintaining the Legal Affairs System for the university.
- Implementing features for case management, documents, reports, and user roles.

On-site

● Information Technology Institute (ITI) – React Development Trainee (Current)

In Progress

Jul 2026 – Present

- Currently undergoing training in React.js ecosystem including components, hooks, routing, state management, and API integration.
- Building real-world projects to strengthen frontend development skills.

Remote

● Digital Egypt Pioneers Initiative (DEPI) – Full Stack .NET Trainee (Current)

In Progress

Jul 2026 – Present

- Currently learning ASP.NET Core, C#, Entity Framework Core, SQL Server, and REST APIs.
- Building full stack web applications following best practices and clean architecture.

Remote

Projects

1. Atlas Travel Booking & Management App

Apr 2026 – Jun 2026

Tech Stack: Flutter, Dart, Firebase, REST API, Provider, Google Maps API

- Developed a complete travel booking app for Atlas Company.
- Features: user authentication, search & filter, booking management, payment integration, and admin dashboard.
- Admin panel to manage users, trips, bookings, and statistics.

🐙 GitHub: github.com/MadY119/atlas-travel-app | 🌐 Live Demo: Available on request

2. New Mansoura University – Legal Affairs System (In Progress)

Jul 2026 – Present

Tech Stack: React.js, Node.js, Express.js, MongoDB, Tailwind CSS, REST API

- Developing a full-system for managing legal affairs, cases, and documents.
- Role-based access control, case tracking, notifications, and reports.
- Designed a clean and responsive interface for all user roles.

🐙 GitHub: Private Repository | 🌐 Live Demo: In Development

3. E-Commerce Full System

Mar 2026 – May 2026

Tech Stack: React.js, Node.js, Express.js, MongoDB, Redux Toolkit, Tailwind CSS, Stripe API

- Built a complete e-commerce platform with dashboard and online store.
- Features: product management, categories, cart, orders, payments, inventory, and analytics.
- Admin dashboard for managing all operations efficiently.

🐙 GitHub: github.com/MadY119/ecommerce-full-system | 🌐 Live Demo: Available on request

Skills

HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Node.js, Express.js, MongoDB, MySQL, REST APIs, Firebase, Flutter, Dart, Redux Toolkit, Tailwind CSS, Bootstrap, Material UI, Git, GitHub, JWT, Authentication, Payment Integration, Problem Solving, Clean Code, Responsive Design, Agile Basics

Certifications (In Progress)

- React Development Track – Information Technology Institute (ITI) (In Progress)
- Full Stack .NET Track – Digital Egypt Pioneers Initiative (DEPI) (In Progress)
- Full Stack Development Certificate – Creativa (2025)
- E-Learning Development Training – Classera (2026)

Languages

Arabic (Native)

Tools & Technologies

VS Code, Figma, Postman, Git & GitHub, Chrome DevTools, npm / yarn, Android Studio, Docker, MongoDB Compass, XAMPP, ESLint, Prettier, Linux

Achievements

- Successfully built complete systems from idea to deployment.
- Strong problem-solving skills and ability to learn new technologies quickly.
- Passionate about building clean, efficient, and scalable applications.

English (Very Good)
